Package Service from Experts

The Infoblox Upgrade Assessment Service is offered as a fixed-fee project, no matter which supported version you are using currently. You will reduce the risk and know the scope and the fees, paving the way for faster decision making and focusing on execution.

Maximize the Value from Infoblox Investment

With hundreds of R&D engineers around the globe and significant investment in R&D, Infoblox is continuously delivering value to you through new releases, which are available to you via support contracts. By taking advantage of the upgrades you can maximize return from your investment and the Upgrade Assessment Service will make it easier to achieve those goals.

Insurance for a Smooth Upgrade

As you prepare for the upgrade, you can't afford to have unknowns or risk disruptions to your business. Bank on our Pro Services team to get an assessment report on the steps, best practices, and relevant guidance to achieve success.

Not Covered in Your Support

While your support contract allows you to call in for issues related to functioning of Infoblox products, the support is not tasked with helping you with best practices related to Infoblox upgrades.

Engagement Model

Our Pro Services engineers will gather data from your current Infoblox installation and run an upgrade process in Infoblox labs. You will receive an assessment report with the steps to upgrade, best practices, and other relevant guidance to ensure a successful upgrade.
